

# MICHELIN SPORTBIKE TIRES

## MICHELIN POWER<sup>5</sup>

**THE PREMIUM  
SPORTBIKE TIRE  
FOR MAXIMUM  
FUN IN WET AND  
DRY CONDITIONS!**

### YEAR-ROUND PERFORMANCE

The choice for ultimate performance in wet and dry conditions.

### EXCELLENT WET GRIP PERFORMANCE

Beats leading competitors by an average of 3.9 seconds on a three-quarter mile wet track.<sup>1</sup>

### GREATER AGILITY FOR MAXIMUM FUN

Delivers more agility and a 7.87% greater lean angle compared to leading competitors.<sup>2</sup>

### OPTIMIZED COMPOUND MIX AND VOID RATIO

Michelin 2CT and 2CT+ silica compounds with 11% void ratios front and rear deliver tremendous grip in wet conditions.

Vendor P/N	Dimensions	Tube
82645	120/70 ZR 17 (58W)	TL

Vendor P/N	Dimensions	Tube
50992	160/60 ZR 17 (69W)	TL
89914	180/55 ZR 17 (73W)	TL
32169	190/50 ZR 17 (73W)	TL

82384	200/55 ZR 17 (78W)	TL

## MICHELIN POWER<sup>GP 2</sup>

**FEEL LIKE AN  
EXPERT ON THE  
TRACK AND  
EXTEND YOUR  
CONFIDENCE  
ON THE ROAD**

### DRY GRIP TO PUSH YOUR POTENTIAL

Plug-and-play performance for confidence in dry grip for both road and track.

### OPTIMIZED HANDLING FOR AN ENHANCED EXPERIENCE<sup>4</sup>

Take advantage of a sporty tire optimized for road and track use with cornering and handling performance.

### MOTOGP™ INSPIRED PERFORMANCE

A road and track tire engineered with Michelin MotoGP™ expertise to provide maximum combined performance.

(1) Thanks to 100% Michelin Silica Technology and Michelin 2CT+ Technology on the Front and Rear tires.

## MICHELIN POWER 6 VERSUS MICHELIN POWER 5

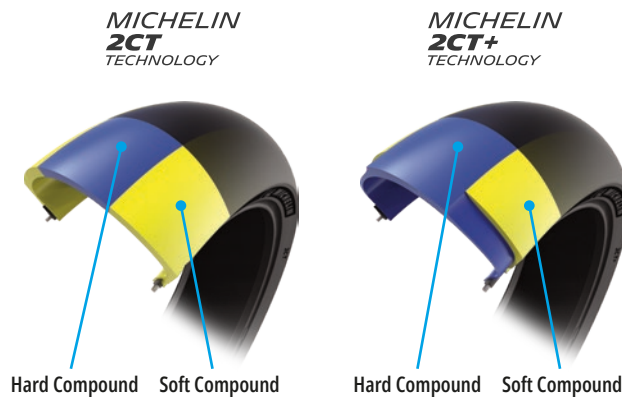

## MICHELIN DUAL COMPOUND TECHNOLOGY

### MICHELIN 2CT TECHNOLOGY

Michelin 2CT Technology utilizes a harder rubber compound in the center of the tread for enhanced wear resistance, and a softer compound on the shoulders for excellent grip when cornering.

### MICHELIN 2CT+ TECHNOLOGY

Michelin 2CT+ Technology features harder rubber underneath the softer rubber on the shoulders to provide better rigidity at lean for more stability when cornering, especially under strong acceleration.

## MICHELIN PILOT POWER 2CT

THE AFFORDABLE DUAL-COMPOUND SPORT TIRE

### A TIRE DESIGNED FOR SPORTY RIDING

A versatile, durable tire with exceptional wet and dry grip to help you get maximum pleasure from sporty riding.

### MICHELIN 2CT TECHNOLOGY™

A durable center and softer at the edges to allow you to achieve impressive lean angles usually seen on the track.
